

Healing Prayer

(by Fr. Santan Pinto SOLT. Prayed with Healing Cloth)

We humbly approach you O Most Holy Trinity as we beg for your healing. You are Our Father and we trust in your goodness as you draw us daily to become what you call us to be. We have sinned and because of our sins much suffering, disease and sickness has visited us. We humble ourselves before you as we acknowledge your greatness and your infinite mercy. Please dispel within us any form of idolatry that we may truly worship you with all our being as Mary our Mother did.

Jesus our eternal shepherd we come to you like the many sick and the infirm that approached you. We beg you to fill our hearts and our souls with the faith of the Centurion who only asked you to say but the word and he knew that his servant would be healed. Or like the woman we come to touch your garments with great confidence that your healing power will flow through this cloth to the one it is placed upon now. For those of us who struggle with believing in your power to heal, we pray that you help our unbelief.

Holy Spirit, we rely on the humility that you give us as we bring our request before your presence. We often do not know what to ask and how to ask. Often we struggle with knowing what God's will is for one who is sick. Yet we know that it is your love can enkindle the flame within our feeble hearts. Help us to accept the healing that comes from your love; so that we may praise the glory of your Name!

We ask you Mother Mary to intercede with all the angels and saints as we cover this sick person with this healing cloth. Cast your mantle of healing over this sick person and restore this sick person to health.

Recite One Our Father, One Hail Mary and One Glory Be!

O Most Holy Trinity, Father, Jesus and Holy Spirit, we thank you for hearing our prayer. Help us all to be open to your healing, so that we may love you the more and have the strength to serve all those that you place in our lives. Give us the joy that once restored to health, we too may reach out to others and bring your healing power to them. We make this prayer through Christ Our Lord! Amen.

Our Lady of the Most Holy Trinity! Pray for us.
